

How to Prevent Employee Lawsuits

This program is designed to help you master the essentials of employment law compliance. It will cover those issues that result in the vast majority of claims filed - in any state, at any company. By systematically using the strategies and tools provided in this program you will not only prevent employee lawsuits, but also greatly improve employee relations and productivity.

You can go through the program by reading the book, watching the PowerPoint presentation or listening to the online audio files while using the workbook. The trainers PowerPoint presentation will allow you to train others in your organization. Note that downloading the PPT files can take some time. You may want to download them in "zipped" format. You can obtain a trial version of the WinZip software for free by [clicking here](#).
